Reverend Father,

I want to thank you for responding to my letter so promptly. Your concern has been of great comfort to me. Because of the sensitivity of this matter, there was much confusion and apprehension on my part with respect on how to handle the problem.

The priest involved is Father Paul Finnegan of Saint Michael's Parish in North Andover

I have great faith in your solving this matter. Once again

I want to express my appreciation  
for your help.

If I may, I would like  
your advice on how to tell  
my sister just what is being  
done. Since her friend is involved  
it is also important for me to  
be able to explain it to her  
also. I would like to put their  
minds at rest.

Sincerely,
